Art Unit: 2882

Claims 22-32 are rejected under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for calcification scoring from CT scout images, does not reasonably provide enablement for calcification scoring from any and all other types of images. The specification does not enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to practice the invention commensurate in scope with these claims.

Claims 1-21 are allowed.
